Your Voice. Your Eye Service.

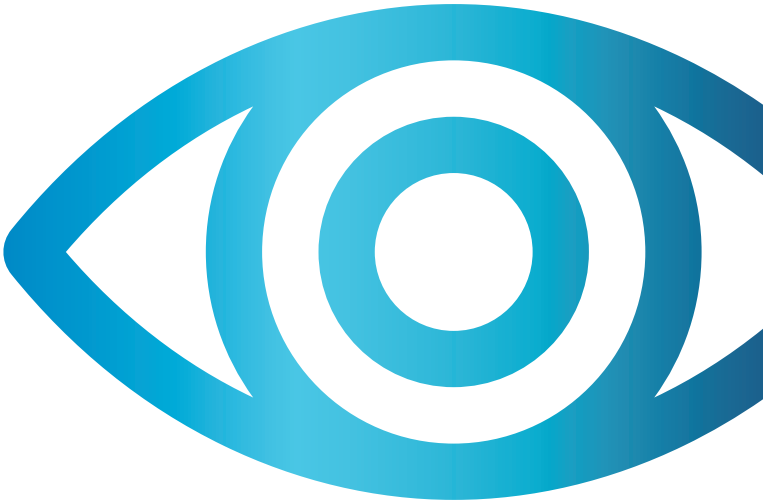
Have Your Say on Eye Casualty at Queen's Medical Centre (QMC)

Have you used Eye Casualty at the QMC, cared for someone who has, or supported patients who may need the service?

Nottingham University Hospitals NHS Trust (NUH) is carrying out a listening exercise to understand people's experiences of accessing Eye Casualty and the temporary changes that have been in place since January 2026. **Your feedback will help inform future service planning before any decisions are made about longer-term arrangements**.

We want to hear from:

- ☑ Patients
- ☑ Carers and families
- ☑ Local residents
- ☑ Community groups
- ☑ Stakeholders



Tell us:

- ☑ What worked well
- ☑ Any challenges you experienced
- ☑ What should be considered when planning future services

Scan here to complete the survey

The listening exercise is running through September and **closes** on **30 September 2026**
